Senate Debates Foreign Aid Bill

Legislators Seek New Cuts To Key Measure

WASHINGTON (AP)—The Senate continues debate today on the \$6,900,000,000 foreign aid bill after a sharply worded plea from President Truman asking Congress not to play politics with world peace by slashing the total.

There was little prospect of the Senate voting on proposed additional cuts in the \$6,900,000,000 total until tomorrow or Thursday.

Pending is an amendment sponsored by Sen. Welker (R-Idaho) and 10 of his GOP colleagues to slice another one billion dollars from the measure—one of the key bills of the 1952 session.

Backers of the measure are confident they can beat down this proposal.

But Welker has another one which would knock off half a billion dollars and Sen. Long (D-La.) has filed an amendment to cut the authorization 400 millions. The votes on these may be so close that the absentees could decide the outcome.

Majority Leader McFarland (D-Ariz.) told newsmen he was confident action on the bill could be finished by tomorrow night. But to be on the safe side he told senators to be ready to meet at 9 a. m. Thursday, two hours earlier than usual. The Senate is not scheduled to meet Friday, Memorial Day.

McFarland said he hoped the Senate would make no further cuts beyond the one billion dollars already voted by the foreign relations committee and sustained by the armed services committee.

Floor managers for the measure know they are going to have to pick up a number of Republican votes to offset the 10 or 12 Democrats who are committed to further reductions.

Sen. Connally (D-Tex.), chairman of the foreign relations committee, led off debate yesterday by taunting economy advocates to vote to eliminate the program entirely. "Then," he said, "you can go home and strut yourself before your constituents and say I saved seven billion dollars—and let the world go to hell."

Communications Cut By Reds In Germany As Treaty Reprisal

BERLIN (AP)—The Communists cut telephone communications between East and West Berlin and 17 long distance lines between West Berlin and West Germany today.

Eight telegraph lines also were

shut down. Thus far, however, teletype communications between West Berlin and West Germany were not affected.

It appeared to be the first blow in the promised Communist reprisals for West Germany's signing of a peace pact with the Western Allies yesterday. West Berlin, 110 miles inside the Soviet zone, feared a renewal of the near-paralyzing Red blockade of 1948-49.

Earlier today the Russian border guards again barred Allied military motor patrols from the city's only highway link with the West, the 110-mile autobahn to Helmstedt. The patrols, which had stranded motorists, had been periodically banned between May 8 and May 17 but since then had not been troubled.

Today, as before, the Russians gave no explanation for their action.

Civilian freight and passenger traffic on the highway still flowed normally, however.

The Communist tightening up on the surrounded city was heralded in an East German Cabinet decree last night ordering immediate "strengthening" of the East's forces all along the border between East and West Germany.

The order did not say what form this strengthening would take but it directed Wilhelm Zaisser, chief of the Red secret police, to set up "proper and adequate" safeguards against spies, saboteurs and agents which it said threatened from the West.

As yet the West had no visible evidence of reinforcements on the Iron Curtain borders.

West German border police said, however, they had reports from persons crossing the East zone line that 131 Russian tanks were dispersed in the Brunswick area. At that point the British zone state of Lower Saxony and the East zone state of Saxon-Anhalt meet.

These reports said troop parades in the area had been increased in the past few days. Otherwise Western border points were reported quiet.

Syngman Rhee Orders Martial Law In Pusan

S. Korean President Says Move Brought On By Murder Of GIs

BULLETIN

TONGNAE, Korea (AP)—About 30 guerrillas overran a small U. S. Army camp here Friday, killing five American soldiers and a Korean houseboy.

Two other Americans were wounded, and two escaped injury. Survivors said it was a well-planned Red raid to obtain weapons. The guerrillas got two .30 caliber machineguns, 2,000 rounds of ammunition and seven rifles.

The small American force was stationed in a gravel pit here, about eight miles north of Pusan. The guerrillas, armed with U. S. rifles, attacked without warning about 12:30 a. m.

A soldier said the guerrillas killed a sentry, then began shooting their American rifles, shouting and throwing grenades, apparently at random.

PUSAN, Korea (AP)—Gen. James A. Van Fleet, commander of the U. S. Eighth Army, sped here from Seoul today and went into immediate conference with President Syngman Rhee on the South Korean executive's declaration of martial law.

American embassy officials sat in on the meeting.

Just before the session began, Rhee issued a long-awaited public statement explaining why he proclaimed martial law in Pusan, the temporary capital, and 21 counties in three southernmost provinces.

He said his action—"necessary and long overdue"—was forced by increasing guerrilla activities in the region and was taken to prevent public demonstrations from becoming violent.

"American soldiers have been ambushed and killed in the very vicinity of Pusan," he said. This was a reference to the slaying of five U. S. soldiers by guerrillas Friday in a gravel pit at Tongnae, eight miles north of Pusan.

Murder Committed

"Murder has been committed with impunity," Rhee continued. This apparently referred to the slaying of a South Korean Army captain, allegedly by a national assemblyman, several weeks ago. "And," Rhee went on, "the public feeling has been rising in indignation against those recalcitrant, irresponsible members of the National Assembly."

The assembly obtained the member's release from jail but he was re-arrested by South Korean military police.

Red Connections Found

"Far reaching Communist connections have been uncovered and the authorities are taking steps to make a thorough investigation of the case," the president said. "When the investigation is completed, the full facts will be disclosed to the public."

This presumably referred to reports that Communists had sent money into South Korea to foment discord.

A government spokesman said several national assemblymen were involved.

Nine assemblymen have been arrested since martial law was declared Saturday. No formal charges have been placed against them but they are being questioned about the Communist funds.

Government sources said six more assemblymen are wanted for questioning.

More than 40 members were detained briefly Monday, preventing a quorum of 92 in the 183-member assembly.

Pidgeon Rd. Detour Planned Monday

Detours will be put into effect Monday for the widening of the Pidgeon Road south of the city.

Although rainy weather has delayed the work about two weeks, culvert installations are progressing.

Improvement of the road, first link of a southern bypass, is being made by the Sutton & Stewart Co. of Bridgeport, which was awarded the \$64,229.89 contract by the state highway department. The county's share of expense is \$33,400.

Work on the Pidgeon Road will cause the closing of the Depot Rd. Monday, southbound traffic being detoured over Aetna St. to the Lisbon Road. Northbound traffic will be routed across Salem grange road to McCracken's Corners on the Lisbon Road.

Mayor Vincent Issues Cleanup Day Advice

Residents in the southeast section of town who cannot remove their own trash or have it hauled away are requested to place the refuse on the curb lawn in front of their homes tonight for pickup Wednesday, Mayor Harry M. Vincent said today.

City trucks will cover the area bounded by the south side of E. State St. and the east side of N. Ellsworth Ave. as the last phase of the cleanup campaign.

All the dead and six of the missing are from the Dodge's nine-man crew. The Michael also caught fire, and two crewmen are missing.

Funds Assured For Playgrounds

Council Authorizes Transfer Of \$1,250

Operation of the city's playground project this summer was believed assured today after City Council last night instructed Solicitor Walter J. Hunston to prepare legislation transferring \$1,250 from the sidewalk fund to the parks and playgrounds fund.

The money is to be used by the Park Commission in setting up a children's summer playlot program similar to that which operated successfully last year at the school grounds.

Council had previously indicated that funds were not available for playgrounds this summer, with the Salem Civic Committee and the general public filing protests.

Council last night heard a report by Finance Committee Chairman Fred Koenreich concerning the financial survey of the city's income and expenditures to be made by the Ohio Public Expenditure Council at no cost to the city.

The survey will begin in approximately two weeks and will continue for a period of about two and one-half months, Mr. Koenreich said.

Its purpose is to find some means of augmenting the city's income to provide for pay boosts asked by city employees and mounting equipment and operational costs.

The Expenditure Council is a private organization devoted to making fiscal surveys of counties, cities, school districts, townships and villages. It is supported through subscriptions from persons and firms interested in the economy of Ohio and the nation.

Car Slightly Damaged In Truck Collision

A car was slightly damaged when it hit a truck-trailer on North Ellsworth Ave., about 3:25 a. m. today, Chief of Police Nerr Gaunt reported.

Gerald C. Taft, 31, of Frewsburg, N. Y., stated to police that he was driving the truck, owned by G. M. Cobbe Brick and Tile Co. of Jamestown, N. Y., south on N. Ellsworth when he noticed a car coming toward him. He said he pulled to the right but the car struck the left rear wheels on the trailer, scraping the outside tire.

Donald D. Pond, 29, of RD 1, Canfield, driver of the car, said that the truck crowded him. Police found no skid marks or anything else which would have indicated the lane in which the car hit the trailer.

The left front fender, hub cap and left door of Pond's car were damaged.

Red Offensive Is Threatened

Truce Talks Resume But Gain Nothing

MUNSAN, Korea (AP)—Communist truce negotiators today made a veiled threat of a Red offensive as Korea armistice talks resumed after a three-day recess—but immediately bogged down over the prisoner of war issue.

The prisoner issue alone blocks an armistice. The Reds demand return of all their captured soldiers. The United Nations Command says not a single captured Red will be forced to return against his will.

"North Korean Gen. Nam Il repeated his well-worn charges that the Allies have been slaughtering POWs. He referred to the April 10 riots on Koje Island which were disclosed during the recess. Then he declared:

"The Korean People's Army and the Chinese Peoples' Volunteers decidedly cannot sit by while seeing their captured fellow combatants being slaughtered by your side at will."

The U.N. spokesman, Brig. Gen. William P. Nuckolls, said Nam Il's statement "could be interpreted" as a threat of stepped up warfare by Communist troops.

But Maj. Gen. William K. Harrison, Jr., senior U.N. delegate, passed off Nam Il's statement as propaganda.

Another plenary session was scheduled for Panmunjom tomorrow at 11 a. m. (9 p. m. Tuesday EST.)

At the start of today's 34-minute session Nam Il demanded that the Allies accept the Reds' May 2 proposal calling for return of 132,000 captured Reds. Harrison rejected it.

Allied screening of 169,000 Red captives showed only 70,000 wanted to return to Red territory. Harrison offered the Communists the right to participate in a rescreening of prisoners. Nam Il refused.

City Council Approves New Bonds Issuance

'Hidden Costs' Cited By Commission In Report On Audit

At a special meeting Monday night Salem City Council adopted a resolution authorizing the mayor and auditor to accept on behalf of the city the proposal of the Ryan Sutherland Co. of Toledo to purchase second mortgage waterworks revenue bonds in the amount of \$200,000.

The \$200,000 is to be spent to complete all phases of the East Cold Run Reservoir south of the city.

The announcement by the Salem Water Commission that more funds would be necessary to complete the reservoir came as a surprise to councilmen and other city officials.

"Cash Balance" Was Error
Last January, Water Superintendent B. V. BeVier reported to Council that all contracts connected with the new water works program would be fulfilled, with a cash balance on hand after the project was completed.

The Water Commission comprised of Chairman F. W. McKee, N. A. Pedersen and F. P. Mullins, stated in its subsequent report to Council that Superintendent BeVier had not anticipated the hidden costs in incomplete land options, litigation and extras to contracts, usually unforeseen.

The statement also brought to light the discrepancy in the amounts of the Chester Engineers' 1949 estimate on the cost of the project and the actual costs of the completed contracts.

Show Where Costs Rose
As an example, the filtration plant, pump station, intake works, equipment, pumps and power—contracts 3, 9, 10, 11, 11A, 12, 13 and 14—estimated to cost \$324,400, actually will total \$572,216.66 upon completion.

Similarly, the reservoir road relocation and land purchased—contracts 1, 4, 16 and 17—estimated to cost the city \$227,480, will amount to \$324,446.71.

In both cases the increase in actual cost over estimate was occasioned by unforeseen extras to the contracts. These and other inconsistencies were made visible following the annual audit of the project expenditures as required by ordinance.

Breakdown Is Shown
The actual costs, taking into account all increased costs of material and labor arising since the engineers made their report, are reported by the Water Commission as follows:

Contracts 1 to 17 complete \$1,329,401.73
Engineering (est) 5.5 per cent 73,117.09
Non-Contract costs to date 97,237.70
Additional future non-contract costs required to complete project 30,205.00
Required to complete project: Guilford Water 80,000.00
Engineering at 5.5 per cent 4,400.00
Total \$1,614,361.52
Available in first mortgage funds and revenue to Dec. 31, 1951 \$1,418,401.90
Estimated second mortgage funds needed \$195,959.62
Under the resolution passed last night the bonds will be issued in \$1,000 denomination. The first bond will be callable Dec. 1, 1961 and the last, Dec. 1, 1981. The net interest cost to the city over the life of the bonds will be 3.06 per cent.

Lisbon Bridge Detour Near Lisbon Studied
LISBON—County commissioners Monday afternoon announced they would obtain estimates on cost of grading of roads and repairs to a bridge near the Boy Scout camp after a check with state officials on an alternate detour when work starts on the Canton Bridge.

The Commissioners along with Dean Sever, state highway division engineer, were shown the detour over the Logtown Rd. to the Furnace Rd. and rejoin Route 30 on Route 172. Business proprietors along Route 30 west of the village protested a proposed detour announced by the state.

The state plans to send passenger traffic over Route 164 to Gavers, 518 to Millport and return to Route 30 at Kensington.

Sever did not indicate whether the state would go along with the detour proposed by the businessmen.

Construction on the new bridge is expected to begin sometime this summer. It is estimated to cost about \$370,000—with the county chipping in \$25,000.

The bridge has been closed to heavy trucks since last June with only one way traffic allowed.

President Raps Foreign Aid Cut

Truman Says Budget Slashers Help Reds

WASHINGTON (AP)—President Truman has accused budget slashers in the House of doing "their bit to help the Communist side."

The President declared in a speech last night that cuts in defense spending were "a foolish, reckless act" which may force a sharp reduction in U.S. armed forces in an hour of peril.

He expressed hope that Vice President Barkley will be able to persuade the Senate to restore House cuts in both the defense and foreign aid programs.

The president chose a dinner last night commemorating the completion of a colony in Israel named for him—Kfar Truman—for a bitter assault on the House. It recently reduced his defense recommendations from around 51 billion dollars to 46 billion and the mutual security program from \$7,900,000 to \$6,163,000,000 last Friday.

The President said of the House cut in armed services funds:

"This was a foolish, reckless act. It jeopardizes our defense buildup."

"It may require us—in this hour of peril—to demobilize a substantial part of our armed forces. Think of that."

He declared:

"There are some people who would rather embarrass the White House than checkmate the Kremlin."

"The majority of the House picked the two places in the world where the danger is greatest (Europe and Asia), where the Communist threat is strongest, and they did their bit to help the Communist side."

He said the reductions in aid to Europe would mean that the Allies would not be able to raise and equip forces needed to defend the West against Soviet power.

The President then told the nearly 1,000 dinner guests that the House cut economic and Point Four aid to Asia by well over 10 million dollars.

A "crazy, crippling amendment" will cut the Point Four program in Asia by about 50 million more, he said, and this "opens the way to communist subversion in these countries."

He said Friday's vote reduced the program for Iran in half on the very day the Soviet Union sent Iran a threatening note warning against taking any more U.S. military aid.

Government Said Cause Of U. S. Greatness

CINCINNATI (AP)—Sen. Homer E. Capehart (R-Ind.) told the Midwestern Conference of the Controllers Institute of America Monday night:

"There is no substitute for our greatest asset—our system of government."

Capehart, ranking Republican of the Senate Banking and Currency committee, denied geographic location, natural resources, climate or special qualities of the American people have made the United States great.

"No," he asserted, "The undeniable fact is that our nation became great because the men who founded it believed in a system under which the tenant farm boy of today could become the landowner of tomorrow; the factory worker of today could become the factory owner of tomorrow; the boy or girl from the lowest economic or social level could become the state legislator, the governor, the congressman, the U. S. senator, or even the President of the United States."

Drive-In Owner Guns Alleged Burglar

IRONTON, O. (AP)—An 18-year-old youth from nearby Bradrick, hospitalized by a shotgun blast, was charged with breaking and entering a Chesapeake drive-in Monday night.

Jack Thomas, 18, was reported in fair condition at Ironton General Hospital. Police said he was shot while trying to enter the Kiciapoo drive-in near the Chesapeake Airport. Police said Louis Ward, operator of the restaurant, did the shooting.

The youth denied the burglary and said he was shot by someone in a car while he walked along the highway.

Held For Non-Support, Salem Man Sentenced

LISBON—Juvenile Judge Louis Tobin sentenced an East Liverpool and a Salem man to terms in the Mahoning County jail on charges of violating their probation at hearings Monday.

Glassy-Eyed Man Fined For Throwing Glass

WHEELING, W. Va. (AP)—Frank J. Rudkin, 21, of Warren, O., was hauled into court Monday for throwing glass and being glassy-eyed while doing it.

The story went like this: Motorcycle Officer Isaac Ashbaugh of the Wheeling police said he took off after an auto going an 80-mile-an-hour clip through a 25-mile-an-hour zone.

Rudkin, said Ashbaugh, was in the back seat of the auto and was smashing whiskey and beer bottles in the path of the motorcycle.

The verdict—\$25 fine in municipal court for littering a public street with glass and \$5 for intoxication.

24 S. Koreans Die In Ship Collision

TOKYO (AP)—The U. S. Navy said today 24 South Korean seamen were killed and 21 injured May 21 in a collision between the South Korean Navy frigate Apnok and the U. S. ammunition carrier Mt. Baker in Korean waters.

There were no injuries aboard the Mt. Baker and damage to the ship was minor, the Navy said, adding:

The ships were steaming in formation in darkness when a signal was given to change course. The Apnok passed close ahead of the Mt. Baker. The U. S. ship backed down full but was unable to prevent the collision.

Boys In Theft Cases Put In Foster Homes

LISBON—Juvenile Judge Louis Tobin ordered three boys to foster homes and released two others to their parents at a hearing Monday after they confessed to a series of thefts in the Lisbon area.

Disposition of a sixth youth involved is still pending. Their ages range from 12 to 17.

Although all were rounded up over the weekend, they did not operate as a gang but in groups of twos or threes, Lisbon police said.

They admitted thefts at Hadley Garage, the Industrial Mining Co., Warren newstand and others.

European Army Pact Drawn Up

Western Statesmen To Sign It Today

PARIS (AP)—Statesmen of the Western world sign their names more than 40 times today to a treaty and agreements they hope will backbone the Atlantic defense system with one million men in history's first peacetime international European Army.

In a companion pact to the West German peace contract signed Monday at Bonn, the governments of France, Italy, West Germany, Belgium, Holland and Luxembourg are agreeing to pool their separate land, sea and air might in a single, one-uniform force ready to repel Communist aggression.

Agree To Fight

In separate agreements the United States, Britain and the other nations of the North Atlantic alliance agree to fight if any European Army nation is attacked in Europe—a guarantee chiefly to West Germany since the others are covered by the North Atlantic pact.

But despite the array of diplomatic leaders here for the impressive signing ceremonies, the European Army treaty—like the West German pact—today is many months away from being an effective order to assemble a fighting force. Until both pacts are ratified by the parliaments behind each signer, neither comes into force. Both documents face bitter, determined opposition that may defeat them.

Signing Starts At 5

The signing starts about 5 p. m. in the ornate clock room of the French foreign ministry. With the treaty and eight related agreements to be endorsed, the process will be a long one of many signatures. West German Chancellor Konrad Adenauer leads the alphabetical parade of nations—"Allemagne" is French for German.

The basic treaty provides for the six-nation European defense community and its single armed force.

The agreements cover secret military arrangements for actual deployment of European Army soldiers and such relationships as those between the EDC and the North Atlantic Treaty Organization.

Catholics Gather For World Congress

BARCELONA, Spain (AP)—Purple-robed cardinals, archbishops in violet and pilgrims from all over the world gathered in this ancient city to pray for peace at the opening today of the 35th International Catholic Eucharistic Congress.

The congress—first in 14 years—was to open officially with the arrival this afternoon of Pope Pius' representative, Federico Cardinal Tedeschini. Already a half million visiting faithful jammed Barcelona.

Tedeschini was to inaugurate the congress—first held in Lille in 1881—with the singing tonight of the

Rain Aids Spread Of Fruit Diseases

COLUMBUS (INS)—Recent rains and cloudy weather have aided the spread of apple scab, black rot, blotch, and other fruit diseases, the Ohio State University fruit spray service reported today.

Extension plant Pathologist B. F. Janson said there has been rapid decrease in the rate of spore discharge during the past week from last year's scabby apple leaves.

Janson reminded orchardists that although the danger of primary scab infection is decreasing rapidly secondary infections occur from spores produced in scab lesions now present on the new apple leaves.

A new set of scabs spores is produced in the leaf lesions following each rainy period. He said it is necessary to have a continuous coating of fungicide on each leaf and fruit during rainy weather to prevent secondary scab infections.

Ohioan Considered For University Presidency

WASHINGTON (AP)—A spokesman for American University here said Monday Dr. Arthur S. Flemming, president of Ohio Wesleyan University at Delaware, O., is among 15 persons being considered for appointment as university president.

Dr. Flemming, on leave from Ohio Wesleyan, now heads the manpower phase of the defense mobilization program.

Robert V. Fletcher, chairman of the American U. board of trustees said a choice may be made at the June 7 meeting of university trustees.

Eisenhower Treated For Inflammation Of Eyes

SUPREME HEADQUARTERS ALLIED POWERS IN EUROPE (AP)—Gen. Dwight D. Eisenhower is being treated for a minor case of conjunctivitis, an inflammation of the eyes.

This was disclosed today by Maj. Gen. Howard M. Snyder, Eisenhower's physician. Snyder said Eisenhower's health remains "as sound as a dollar" but he is badly in need of rest.

T. J. Kauer Resigns Pike Commission Post

COLUMBUS, O. (AP)—State Highway Director T. J. Kauer resigned Monday as secretary-treasurer of the Ohio Turnpike Commission.

The announcement came from James W. Shocknessy, commission chairman. Shocknessy left for New York late Monday for talks with investment bankers who want to handle sale of bonds for Ohio's Turnpike. They will submit a proposal to commission members June 3.

Kauer said pressure of his work as secretary-treasurer in coming months would not leave him enough time for his highway duties.

They Have Troubles Too

A new Communist offensive in Korea is being talked about so freely that no one can claim it happened unexpectedly, if it happens.

It is not the practice of those of us who have been watching this war from a safe distance to think about the fact the Communists have troubles too—and that another offensive would be a symptom.

The Kremlin somehow must get Mao Tse-tung off the hook. He committed his military power to a campaign which was supposed to be wound up a year ago last winter.

The Kremlin also must get itself off the hook. It committed itself to a military adventure which was supposed to end with a sudden and crushing victory over the South Koreans two years ago next month.

Instead, the adventure set off a world wide alarm which brought the first international army in history into existence. It was the signal for the United States to abandon its dream of peace and go into a rearmament program.

It caused the Atlantic Charter to come into existence, hastened a postwar treaty with Japan and put the world on guard against the Communist conspiracy.

If a buildup of Communist military strength in Korea means another offensive is imminent, the eventuality is not the result of free choice in the Kremlin. Having failed to get what it wanted in the truce negotiations it proposed, it may feel forced to plunge further into a war it cannot win because the countries it is waged against cannot afford to lose.

But Not Too Much

It is a ten-to-one bet that Federal Communications Commission will clinch the Western Union strike settlement with permission to raise telegraph rates.

The settlement is conditional upon government permission. Western Union management and organized workers both subscribe to the idea that wages cannot be raised without raising prices.

The difference between Western Union and the steel industry in this respect is that the latter has been making a profit; the former has been struggling to keep its head above water.

But it is because the steel industry fears the same fate if government ever mixes into its management that it is fighting for its economic freedom. Having seen what happened to the railroads and the telegraph monopoly under government control, the steel industry has no appetite for bureaucratic control.

There is a curious twist in Western Union prospects at the end of the strike which virtually paralyzed the company for 51 days.

It wants a rate increase but is praying that the increase will not price its service out of the communications market. Management, having solicited the help of its organized workers in appealing to FCC for relief, is hoping the workers will be farsighted enough to keep their employer in business.

Ultimately, all wage demands are considered by the consuming public; it is the final judge. Any commodity or service which is priced too high will be rejected by those who must pay the price.

The Dispossessed

Two widely-known playwrights who appeared before the House committee on Un-American Activities in recent days, Clifford Odets and Lillian Hellman, have disclosed something outside the committee's jurisdiction.

Both have revealed, with the clarity of thought and expression which brought them success as playwrights, the dilemma of the American who could find no refuge in either the Republican or Democratic Party. In their case, they were looking for liberalism.

Odets tried to find it in the Communist party, which he joined at a time when thousands of liberals were being attracted by what they later learned was a conspiracy based on violent reaction. Miss Hellman may or may not have looked for liberalism in the same place; she refuses to say because she is unwilling to hurt others who shared her experience.

Not only persons like these were dispossessed in American politics. A vastly more numerous group was dispossessed—the moderates. The excesses of the New Deal and Fair Deal shocked them. When they turned to the Republican Party, they found it torn between the me-too-faction and reactionaries, with the moderates like themselves caught in a cross-fire of recriminations.

It is not the function of the House Committee on Un-American Activities to search out political causes and effects. But if there were a committee to study that subject, it would have to start with the plight of the many thousands who have been dispossessed because neither major party and no minor party espouses what they believe.

European Army

By HAL BOYLE

Its Future Is Still In Doubt

NEW YORK (AP)—It is hard to be hopeful about the future of Europe's venturesome six-nation army.

The diplomats hail this as a great striped-pants victory, but it is not in the bag as yet, and it remains to be seen whether the all-European Army ever will march up a hill and down.

Even after the diplomats okay the creation of this strange hybrid-headed military creature the parliaments back home have to vote the men and money to make it a reality. Until they do this effort to restore stability in Europe must be catalogued only in the realm of verbal good will.

There are some basic facts that make it doubtful it will ever be a successful army.

Gen. Eisenhower has thrown the tremendous weight of his personality behind the project after first deciding it wouldn't work. Most Americans can't even name the six nations who will contribute men to this 1,000,000-men force. They are France, West Germany, Italy, Luxembourg, Belgium, and The Netherlands.

Significantly, the French are scared to death of the West Germans, who are supposed to contribute 400,000 men, and the West Germans are reluctant as the devil to be committed to this effort because they really want to see-saw between the United States and Russia until they can again unite all Germans under one flag and one government.

For political reasons at home no

major statesmen in either Britain or the United States has come out boldly in favor of making British and American troops constituent parts of the European Army.

But, looking at the cold facts of history, it is hard to see how a real European Army can be welded without making both British Empire and American troops an integral part of that army.

They are in it, of course, as separate entities, by virtue of their membership in NATO, the North Atlantic Treaty Organization.

But this half-partnership by two world powers, Britain and America, makes the smaller six nations of Europe feel a bit like catspaws before the vast power of Soviet Russia.

They have two fears—fear of a resurgent Germany, fear of the Russian bear. Even with Britain and America saying, "Don't worry, we'll back you," they would rather both countries came in as full partners, committed to mutual security to their last man, pound, and dollar.

Many professional military men will view the proposed United European Army with misgivings, until both Britain and the United States come into it all the way.

So far they have pledged troops to it—but they really haven't joined the army. And any army must be a unit to be a real military force.

There is only one real international army in existence now—it is fighting under the United Nations flag in Korea.

Surgery For Cataract Aids Eyesight

A reader asks whether it is unusual for a young man of 24 to have cataracts on both eyes. In answer, one can say that it is unusual, though not unknown, and indeed cataracts can even be present at birth.

Generally speaking, however, cataracts develop in the eyes in the latter years of life—for reasons which are still obscure—or in connection with some disease such as diabetes.

The first symptom of a cataract is likely to be blurring of the vision. Objects such as buildings,

Slogan Boomerangs

Supporting the Chinese Communists' "big lie" propaganda that the Allies used germ warfare in Korea, French Reds are going all out against Gen. Matthew Ridgway, General Eisenhower's successor as Supreme Commander of NATO forces in Europe. They call him "General Plague" and parade with placards saying "Ridgway Go Home."

The latter slogan, at least, will have little more effect on many Parisians than to produce a laugh. For it will remind them of the gag of the year, which currently has Paris chuckling.

One of the Red's favorite stunts is to go out at night and paint, in foot-high letters, the slogan "Americans Go Home" on sidewalks or the walls of buildings. To one of these, recently, some was added: "Via Pan-American Airways." It was a good gag, and everyone who hears it immediately bursts into laughter—unless he's a Commie, of course.

But it really has a significance deeper than a superficial expression of Gallic or American wit. For one thing, it uses the Commies' own anti-American propaganda to give an enterprise of the hated Americans invaluable word-of-mouth advertising as the joke spreads far and wide.

But even more important, it punctures a favorite Red slogan. For you may be certain that no one who has heard the "via Pan-American" joke can ever again see the line "Americans Go Home" without laughing.

The Large Uneconomical Size

Truman's Personnel

By GEORGE E. SOKOLSKY

I listened to Harry Truman's speech to the socialists and it was real exciting. The President sounded like Eugene V. Debs at his best and I enjoyed it very much. He is a skilled performer when it comes to a slugging, free swinging political speech of the ancient soap-box variety. It is good to listen to, except that one wonders whether it is good for the morale of the country for the president to rabble-rouse like a lesser Huey Long.

Meanwhile, his administration seems to be falling apart, this time not because great minds fear persecutions by Joe McCarthy, but because it grows increasingly difficult to operate efficiently under the President. Charles E. Wilson resigned from a position he never should have accepted because the President kept twisting the rules of the road until everybody about him was dizzy. Wilson never knew whether he or Eric Johnston or Mike DiSalle or Dr. John R. Steelman was in charge of the job which Wilson thought he had undertaken.

Now that Wilson is out, nobody seems to want the job and it is reported that Nathan P. Feinsinger, who managed the Wage Stabilization (pardon the expression!) Board, is also quitting after having forced the steel issue into the courts.

The management of the Office of Defense Mobilization, the counterpart of the positions held by Bernard M. Baruch and William S. Knudsen in other wars, now goes begging even though we are at war a state of mind described by acting Attorney General Perlman, who so testified before the Supreme Court.

When we get a new president in January, this may be rectified, but what are we to do until January? And after that, it depends on

who is elected. Meanwhile, this country, in a war in which the losses keep mounting, is so sloppy in its production that Russia, which was behind the world in 1938, is beating us in aircraft and naval construction, or at least that is what our authorities indicate when they seek appropriations.

Wilson is not the only man who quit. By the looks of it, the second line on the organization chart left the government altogether or have switched to other government departments. Eric Johnston and Mike DiSalle walked out earlier, Johnston to return to motion pictures and DiSalle to Ohio politics. In the administration confusion arising from the desire to give second and third line men top billing, the shifts do not always indicate total elimination from the administration.

Just as the war in Korea is being operated on a tragically ridiculous strategy, which has, from the first, seemed to be designed to aid the enemy, so the mobilization of production and even manpower is being handled with an uncertainty that leads to chaos.

IMAGINE THROWING the steel industry out of kilter at a time when steel production is essential to the supply not only of our troops in Korea, but to that NATO Army about which so much is being spoken these days! Yet, it was done

and the Socialists at their A.D.A. dinner applauded Mr. Truman for doing it.

There are many who believe that all that needs to be accomplished is to get Mr. Truman out of office and that then all problems will be solved. It would seem that that would be an inadequate solution because what really is the fault is that we have lost cabinet responsibilities and have established all sorts of bureaus and boards and offices without any coordination of responsibilities except that every once in a while the President loses his temper and "accepts" somebody's resignation.

The departments of Commerce and Labor seem to have disappeared altogether in this melange of uncoordinated operations. I often wonder what Maurice Tobin, Secretary of Labor, really does? Actually, all labor matters are being handled by John R. Steelman of the President's secretariat, who is now also handling defense mobilization, production, party politics and everything else. It is difficult for a top man to take a top job when he knows that between himself and the President stands the secretariat.

Herbert Hoover's commission advocated the fixed responsibility of cabinet government, but his reforms, advanced by the President in public, did not get far in actual promotion.

Even The Potted Palms

By TRUMAN TWILL

Commencement exercises do not change. That's as it should be. Human nature never changes, either, and here is one place where human nature is given free rein.

If it weren't for human nature, no one would have thought of having commencement exercises in the first place. There would have been no urge to ceremonize what is essentially merely a routine disintegration of a group of people who have reached the end of the first leg of a long journey.

But human nature makes an occasion of any event in which it can appear in a creditable light. Hence, commencement exercises, with those who have finished the journey taking credit for doing something which has become so nearly automatic it has become almost impossible not to do it.

The reference is to high school commencement, of course. It still takes more than routine classroom attendance to win a diploma from any college above the level of diploma mill. But to get back to the occasion which is made of completing high school, we're for it.

The sentiment makes it worth while.

We remember more about sweet partings, pageantry, autographs and comments penned in year books, invitations, congratulations, gifts, tassel-tossing and gown-wearing than we remember about theorems and prepositions.

More lights are turned on by reminders of roses, parting remarks from favorite teachers, pledges of undying friendships and aching, empty curiosity about what happened to classmates who later turned up missing than are turned on by the table of chemical elements, gerundives and irregular verbs.

Among the few things in a lifetime which cannot be taken away once they've been given is the certificate which signifies the bearer has the outline of a high school

education. However little this may mean scholastically, it is the first mental milestone for most of those who reach it and the last for those who go no further.

And when the commencement speaker, whoever he is?—and who are most of them?—gives the gaping graduates the eye and tells them what-oh, that's the first time any adult ever has put the relationship between hard old heads and soft young ones on a plane of equality.

We went to a high school commencement this week—one with a close family significance. As far as we could see and hear, nothing had changed since the last one we attended—our own. They had potted plants, young men with scrubbed faces and sweet girls looking suddenly grown up and young-womanlike in those preposterous caps and gowns.

Everything was the same—the flowers, the misted eyes, the wriggling little brothers and sisters and, no doubt, the stiff-lipped determination of the graduates not to let any of this sentiment guff bowl them over any more than would be becoming in the case of young adults who have just been warned that life is real and life is earnest and don't for gosh sakes, be as sappy about it as those who have been creaming it up.

French Leaders

By DAVID LAWRENCE

Urge More Talks With Russia

PARIS, France
Leaders of France have expressed to this correspondent in the last few days the opinion that Soviet Russia is being permitted to appear before the world as the champion of peace while the Western Allies pursue a negative and at times passive policy.

Basically, the French have the idea that, while conferences and talks with the Soviet may not produce results, it is important to keep on making gestures and peace moves so as to deprive the Communists in France and other countries of their principal stock in trade—the charge that the Allies are preparing for offensive rather than defensive war.

This writer talked at length privately with President Vincent Auriol at the Elysee Palace. According to custom, he cannot be quoted, though he did laughingly authorize the statement that he was in good health. M. Auriol is a shrewd analyst of public opinion in France and is one of its elder statesmen. Although he doesn't have the executive powers which an American President possesses and the post has been regarded as merely a symbol of the unity of the government, it so happens that every week he does attend and preside over a meeting of the premier and the ministers of the cabinet. Thus he is in close touch with what is happening in the government.

What impressed this writer after talking with the president, and later with other high officials, is the virtual unanimity which they exhibit about the main problems of France. These views may be summarized as follows:

1. France is not Communist, and the Communist influences are diminishing. Even the large Communist papers are losing circulation heavily. The causes of Communist strength at the polls are the result both of impoverishment of the country due to war and the artificial propagation of fear. France, having suffered heavily in two world wars, is easily aroused to more fear.

2. The average man's standard of living is still far too low, because wage increases have been offset by a rise in the cost of living. That is the area in which the Communist effort is constantly directed, playing upon discontent and privation.

3. Fear of war is being kept in the minds of the French people in various ways—mostly through the mischief produced by clever Moscow propaganda, which at the moment is exaggerating the dangers that can arise in rearming Germany. To offset this, French officials think that more conferences with the highest officials of Russia are necessary, even though they lead to deadlocks. The theory is that it must be demonstrated, more and more, how the Russians are blocking a settlement. To remain aloof and answer notes every now and then isn't considered sufficiently effective, even as counter-propaganda.

4. The French fear the Germans as much as they do the Russians. Many who have lived under German occupation keep saying Russian occupation couldn't be worse. It is to meet this uninformed view that domestic propaganda is needed, and, unless that propaganda is also backed up and dramatized by action in the international field, the fear complex can produce a sentiment here which can affect adversely efforts to unite the Western countries either in a European defense army or in a United States of Europe. Both of these concepts for European unity have powerful support in the government, though the idea of the European defense army with German units in it is going to be hard to swallow, despite all the safeguards being promised.

5. There is genuine concern about American foreign policy and apprehension lest the elections in the U. S. this year produce a drastic change in direction and purpose. This leads some officials to suggest that maybe another effort should be made to convince Russia that the best way to handle the German problem is to neutralize Germany.

Along with this would go a plan for an overall policy declaration by the Western powers which would set forth their aims and the conditions for a lasting peace with the Soviet Union. The chief feature of such a plan would be a joint Western demand that Russia withdraw from the Eastern provinces of Germany or work out a settlement with Germany on the disposition of those territories. The idea would be to call at the same time for the demilitarization of Germany, the withdrawal of all occupation troops from that country, and the placing of an international force, including Russian and American forces, to stand guard at both borders of Germany.

This latter plan is recommended by one of the highest French officials as one that should be put up to Russia, and, if it fails, it would then be obvious to everybody that there is no alternative but to take the calculated risk of rearming Germany as part of the Western alliance.

The room was colorful with both flower exhibits and posters, described as a preview of what was to come in August.

Mile Branch Grangers Have Memorial Rites

Mile Branch Grange combined its memorial services and regular meeting Friday evening, eulogizing one member, Mrs. Mabel Fieldhouse, who died during the past year.

Mrs. Norman Barnett opened the service with a piano solo and Mrs. Ralph Oyster read the 23rd Psalm. Virginia Fryfogle and Norman Barnett presented a memorial reading and Kenneth, Dale and Frederick Schoeni and Mrs. Barnett sang.

Mrs. D. M. Allison paid tribute to Mrs. Fieldhouse, and Miss Mary Jo Oyster placed a floral memorial at the altar.

"The Absent Living" was read by Mrs. Herman Fryfogle. The hall was especially decorated with flowers and lights for the occasion.

In the business session five applications for membership were read. Mrs. Paul Bayless reported \$364 cleared at the dinner given for the muscular dystrophy fund. Special guests were Mr. and Mrs. Richard Meyer and Mr. and Mrs. Homer Yarnell of Fairmount Grange.

Juveniles were directed by Mrs. John Miller, co-matron, assisted by Dolores Brunner. Members voted to purchase a gift of equipment for the grange kitchen and also gave a vote of thanks to the subordinate grange for the gift of two card tables the juveniles will use for games and work.

Larry Fryfogle won the attendance award. Rev. Kenneth McGarr, pastor of the Homeworth Presbyterian Church, was scheduled to speak at the Rural Life service Sunday. Columbiana County officers scheduled a meeting for Monday evening at Highlandtown Grange hall.

The county Demeter meeting will be held in Mile Branch hall June 2, with Mrs. John Denny in charge. Mile Branch next meets June 13.

By GAILE DUGAS

NEW YORK (AP)—Finding out just how a fabric will act in the tub and on the ironing board is an important part of stretching the wardrobe dollar in this year of high living costs.

Among the fabrics least understood by the most women, rayon and acetate rank high. Few women realize that the two take a totally different handling and that when the two yarns are used in combination the procedure for acetate is the right one to use.

Rayon, for instance, can take heat without melting and there-

fore can be ironed with a hot iron. Similarly, it can be safely washed in hot water.

But acetate, which women tend to confuse with rayon, will "fuse" if a hot iron descends upon it. This means that acetate gets a warm—never a hot—iron. And it follows that acetate must be handled with care in washing. Water must be lukewarm and the soap mild.

Acetate dries faster than rayon but it is also less absorbent, which means that rayon is somewhat more comfortable to wear. The two fabrics are equally and

wholly moth-resistant and neither one deteriorates with age. Both retain their whiteness without need for bleaching.

Acetate is the fabric (left) used by Filcol for a dress with bolero jacket that slips off for dressy occasions. Trapunto work in an all-over pattern is used for surface interest.

Carolyn Schnurer used rayon and acetate in combination (right) for this flowing crepe with sweeping, pleated skirt. Done in a light weight, it's a fashion rightly designed for wear through spring and into summer.

40 Present At Reunion Of McCluggage Family

For their fourth annual reunion, children and grandchildren of John McCluggage gathered Sunday at Centennial Park. Five visitors were included in the group of 40.

Those from out of the city were Mr. and Mrs. Dale Baker and daughter of Lisbon and Mr. and Mrs. Roy McCluggage of Berlin Center, Rev. and Mrs. Lawrence Linton of Smithfield were there for the afternoon.

A picnic dinner highlighted the enjoyable affair. Officers retained are: President, John McCluggage; vice president, Lawrence L. McCluggage; secretary - treasurer, Mrs. Lawrence L. McCluggage. Plans were made to hold another reunion at the same place next year.

Nature's way of distributing seeds was described by Mrs. Barrow in her interesting topic, "Romance of Seeds." The club members voted an unscheduled meeting for Aug. 4 at Centennial Park when they will have a brunch.

Flora McDonald Wed To Leo Henry Less

Honeymooning at Myrtle Beach in South Carolina are the new Mr. and Mrs. Leo Henry Less.

The bride, Miss Flora Elizabeth McDonald, daughter of Mr. and Mrs. John Thompson McDonald, Poland, and Mr. Less, son of Mr. and Mrs. Arthur Less, RD 5, Salem were united in marriage at 10 a. m. Saturday at St. Nicholas Church, Youngstown.

Green huckleberry foliage along the communion rail, other foliage in the sanctuary and fans of white snapdragons and lilies on the altar formed a bridal setting for the ceremony performed by Rev. Robert Fannon.

Distinguished by its simplicity, the bride's gown was fashioned with a snug bodice of Viennese lace and its bouffant tulle skirt, over satin, formed a chapel train. A matching lace bonnet held her fingertip veil and she carried a prayerbook embellished with white orchids, stephanotis and ivy.

Designed in a Grecian mode were the identical gowns of the maid of honor, Miss Margaret Mary McDonald, sister of the bride, in stardust blue, of the bridesmaids, Miss Mary Less and Mrs. Theodore Humphrey and of the flower girl, Terry Syphard, in ballet blue. All carried blue maline handled baskets filled with salmon pink geraniums and had geraniums of the same hue in their hair.

John Less was best man, and ushers were John McDonald, Paul Less and Mr. Humphrey.

Following the ceremony a wedding reception was held at the Colony House, Youngstown.

The new Mrs. Less graduated from St. Elizabeth Hospital School of Nursing and is on the staff there. Mr. Less is an alumnus of Miami University and Rensselaer Polytechnic Institute, was a physical instructor in the Navy and is a chartered life underwriter with the Equitable Life Assurance Society of New York.

WAF Gets Promotion

Mr. and Mrs. Howard McGaffick of Fair Ave. have received word of the promotion of their daughter, Suzanne O'Donnell, to airman first class in the Women's Air Force.

A 1949 graduate of Salem High School, she entered service Feb. 13, 1951, and is currently stationed at Brooks Air Force Base in San Antonio, Texas.

Mrs. Nettie McVeigh of Atlanta, Ga., was a weekend guest in the home of Mrs. Josephine Pauline on Summit St.

an impressive record

ALTHOUGH TUBERCULOSIS is one of the oldest known diseases, its cause was first conclusively proved when Robert Koch isolated the tubercle bacillus a little over fifty years ago. The success resulting from vigorous public health measures, particularly in the last quarter century, is impressive. At the beginning of the century, tuberculosis led the list of diseases as the most frequent cause of death. Today it has dropped to seventh place. There is no reason why it should not drop completely from the list of important causes of death.

This splendid record has resulted from the combined efforts of many agencies. An enlightened public opinion with respect to the value of the physician's services has contributed immeasurably. Have that long-delayed physical examination today. We are prescription specialists.

Sorority Chapter To Be Organized

Mrs. Odean Heter is located at the Lape Hotel this week for the purpose of organizing a new chapter of Epsilon Sigma Alpha, social and cultural international sorority for young women.

Mrs. Heter is field secretary for the organization comprised of some 25,000 members in the United States and other countries.

Only girls of high character are accepted into the sorority. Fundamental purposes of the group are personal improvement, benevolence, cultural appreciation and education by means of organized study plans.

Epsilon Sigma Alpha stresses the opportunity of each member to develop leadership, improve her personality, learn the ways and wherefores of etiquette and meet other intelligent business girls and young matrons.

Individual applications for membership are not considered; members are received by initiation only.

The first chapter of the sorority was established 23 years ago in Texas. International headquarters is located at Loveland, Colo. The sorority also is affiliated with a non-profit dude ranch in the Rocky Mountains for members and guests.

After personnel managers in Salem have recommended likely candidates for the sorority, the girls will be screened and those who successfully meet the requirements for membership will be invited to become charter members of the new Gamma Gamma chapter in Salem.

Dentist's Office Building Near Guilford Razed By Fire

A three-room office building located south of Guilford Lake near Guilford Garage hall was destroyed by fire of undetermined origin late Sunday evening.

The one-story building owned by Dr. Joseph Gruber was discovered burning by Mrs. Allen Blackburn, a neighbor. Mrs. Blackburn saw the blaze through her window shortly after her husband returned from fishing in the lake. Blackburn had passed the office prior to the fire but noticed nothing unusual.

The Hanoverton fire department was summoned to the scene but the fire was well underway when they arrived. The blaze could not be controlled.

The building and all its contents

were destroyed. Only a safe was salvaged from the ruins. Investigation showed the safe had been tampered with but not opened. The building was partly insured.

Dr. Gruber, a dentist, has served the residents of the Guilford Lake region for many years. A retired school teacher, all his equipment, valued at near \$6,000, was destroyed. Approximately \$600 worth of dentures was also lost.

Temporary plans have been made to continue his practice in his home.

Fired Policeman Returned To Force

CANTON, O., (P)—The civil service commission returned Walter P. Koellner to a police department job today but reduced him two grades from captain to detective and ordered him suspended for 30 days.

He had been fired April 29 by Chief J. B. Quilligan, in a mixup concerning the arrest of Pat Ferruccio.

Ferruccio, arrested by to lookie cops on traffic charges, was released without being booked. Both the chief and the commission held Ferruccio should have been booked and that Koellner was responsible for letting him go.

Ferruccio later was re-arrested on the same charges and that case still is pending.

\$1.50 Surcharge On Small Shipments Asked

COLUMBUS, O., (P)—A Lincoln Co. official today recommended Ohio truckers be allowed to adopt a \$1.50 surcharge on freight shipments under 1,000 pounds.

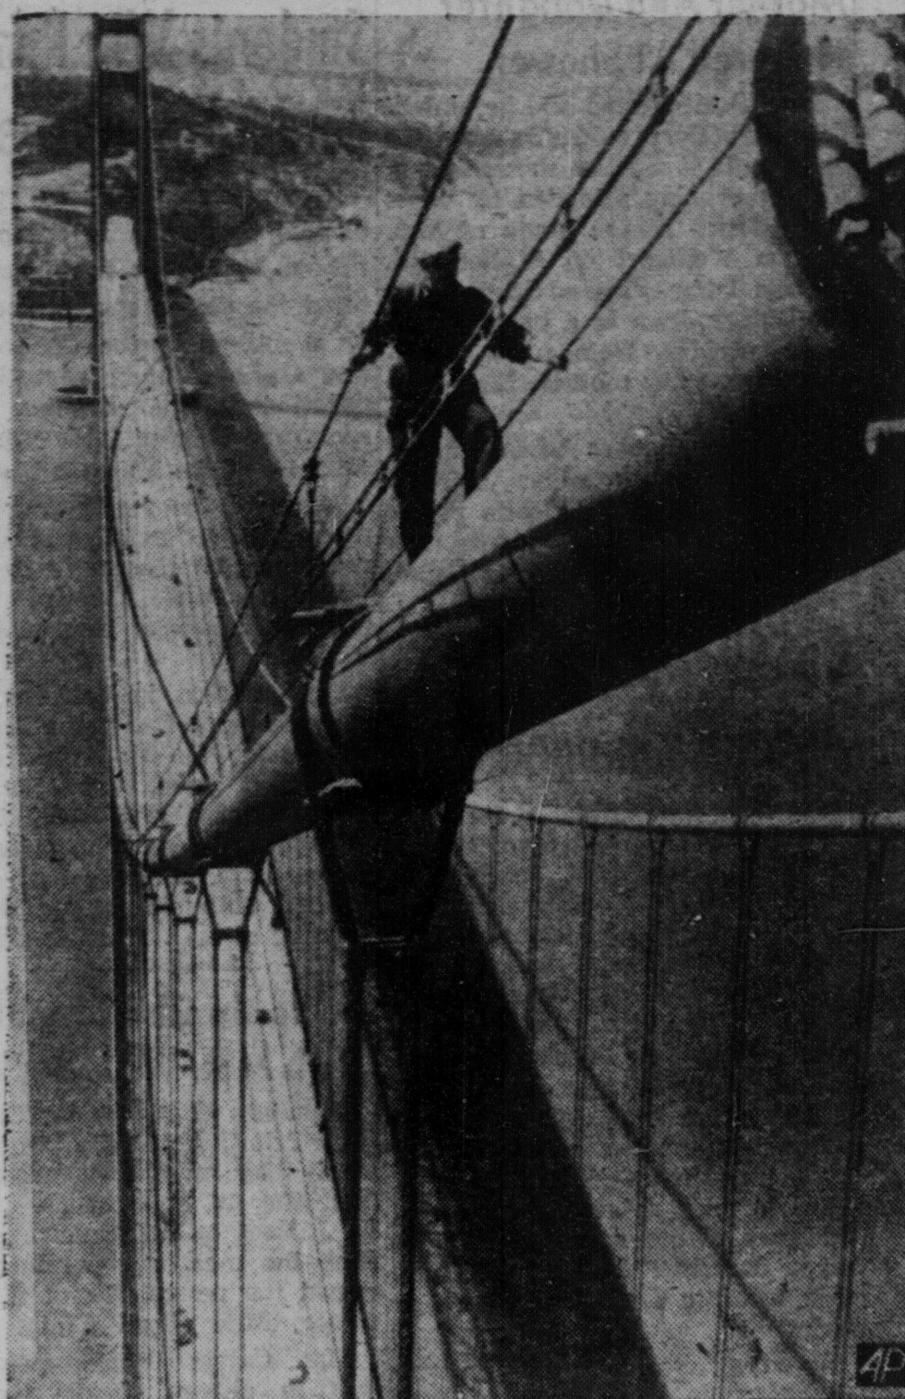

Arthur Todd of Cleveland, Lincoln traffic manager, testified at a state utilities commission hearing on the truckers' request.

The \$1.50 charge is opposed by most of Ohio's retail merchants, who contend it discriminates against small shippers and would raise shipping costs 20 to 40 per cent.

Todd admitted the charge would cost his company a lot of money. But he told the commission he believes it would induce truckers to give more prompt and sufficient service on small shipments.

Lincoln Electric Co. has warehouses in Cleveland, Cincinnati, Columbus and Toledo. About 30 per cent of Lincoln's shipments are under 1,000 pounds, Todd said.

The truckers say they need increased revenues to pay mounting labor costs. They contend the small shippers should pay more because small freight items cost more to handle.

RISKY WAY TO MAKE A LIVING. — Bill Gaure, maintenance worker, nears the top of the north tower of Golden Gate bridge in San Francisco (May 14) after nearly a half-mile uphill hike from the center of the span. This task is part of the year-round inspection to keep the structure in tip-top shape. In background, center, is a residential area of San Francisco, and at upper left is part of the Presidio of San Francisco. The huge bridge spans the Golden Gate where the Pacific Ocean and San Francisco Bay meet. This picture was made by Associated Press Photographer Ernest K. Bennett while he was sitting on a narrow ledge of the tower, 740 feet above the water.

Olympic Tryouts Set In Cleveland

CLEVELAND (P)—Four districts of the Amateur Athletics Union will hold a quarter-finals tryout meet for the U. S. Olympic track team in Cleveland, June 14.

This was announced by Eddie Finnigan, chairman of the AAU track committee in this district. The Allegheny Mountain Western Pennsylvania and West Virginia Niagara — Western New York — Ohio and Northeast Ohio districts will be represented.

The winners will be eligible for the national AAU championships, which constitute a semi-final Olympic trial, June 20 and 21 in Long Beach, Calif.

Middies Elect Officers

ANNAPOLIS, Md. (P)—Midshipman Henry R. Perot of Texarkana, Tex., has been elected lifetime

Guilford Lake Roads To Be Improved

LISBON — County commissioners told a group of Guilford Lake property owners Monday they would assist them as much as possible in improving roads near the lake.

Commissioners said they would supply some slag and the state has promised to assist in improvements to state roads in the area.

Property owners in the Middleton Township area have collected about \$2,000 to help in the road improvements.

As early as 1824, on the occasion of Lafayette's visit to the United States, a house in Fredonia, N. Y., was illuminated by natural gas in his honor.

Gen. Ridgway Arrives In Europe To Take Over NATO Command

PARIS (P)—Gen. Matthew B. Ridgway returned to Europe today to take command of NATO fighting forces and declared his experience in Korea convinced him a sound defense against Communism here could be built from a combination of many nations.

Then, accompanied by Gen. Dwight D. Eisenhower whom he is to succeed three days hence, he drove through the streets of Paris in contempt of Communist threats to stage hostile demonstrations against "Le General Microbe" as they call him. The Communists have applied the tag as part of their propaganda, repeatedly denied by the West, that the United Nations used germ warfare in Korea.

Ridgway stepped out of his plane at Orly Field just 10 days short of eight years after he parachuted into Normandy on D-Day.

"I have utmost confidence in the leadership of Gen. Eisenhower and I expect to learn about the problems first hand as he sees them," Ridgway told a news conference. "If I am able to add anything to what he has done I shall be pleased indeed."

Asked if he expected any military action from the Russians, he replied, "Anything which is a capability is always a possibility. There is great capability there. I would not want to go any farther." Ridgway rode through the streets of Paris in the second car of a motorcade. As he passed through working class suburbs, Ridgway could see partly scrubbed-out Communist slogans painted on walls saying, "Ridgway go home."

IMPORTANT NOTICE

TO ALL GAS COMPANY CUSTOMERS

Many of our customers who are not using gas for space heating are anxiously awaiting the day when they may do so. Therefore, we want all our customers to know the status of heating restrictions of our Company:

Recently The Ohio Public Utilities Commission modified its restrictions on

space heating. This Order supersedes and supplements the Ninth Supplemental Emergency Order of December 13, 1951. A copy of our rules relating to gas space heating are on file in the Gas Company local office. Commercial consumers are limited to 400,000 Btu per hour for a single structure or occupancy unit.

Under these regulations customers desiring gas heat must file an application.

Furthermore, before connecting heating equipment to our lines this application must be approved in writing by the company. If space heating equipment has been installed without written approval by the gas company, the company must discontinue all service to such customer upon ten days written notice until non-approved heating equipment has been disconnected.

Our gas supply situation has improved to such an extent that under these rules and regulations we are now in a position to approve a limited number of new construction and an equal number of conversion burner applications. Proven medical hardship cases will be given

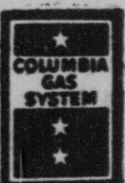

preference for conversion installations in the order in which they are filed.

We appreciate your patience in waiting and assure you that we are doing everything in our power to obtain additional supplies of gas so that even more applications can be approved.

REMEMBER: YOU MUST HAVE AN APPLICATION APPROVED IN WRITING BEFORE MAKING A SPACE HEATING INSTALLATION.

County Civil Defense Leaders Plan Mobile Support Groups

Plans were initiated Monday night for the formation of county units for state mobile support groups at a meeting of about 50 Columbiana County civil defense officials in Lisbon's village hall.

John Cosma of Lisbon, named as the head of county units, said plans were currently under way to organize four operating platoons consisting of about 320 persons. These platoons will be composed of fire fighting, police, first aid, supply and other departments.

Cosma stated that Columbiana County is one of 16 counties in the Third Area of the state defense system. There are five areas in the state.

Such equipment as fire trucks and ambulances will be supplied to the local unit, Cosma said. The state and federal governments have allotted \$160,000 for equipment to the Third Area.

Cosma added that the proposed platoons will be comprised of people from all over the county and

West Coast Shipping Tied Up By Strike

SAN FRANCISCO (AP)—West coast shipping officials said strike-bound today by the AFL Sailors Union of the Pacific. The SUP had tied up 20 vessels four days in a stop-work movement to discuss a new contract.

Only exceptions were ships certified by the military sea transport service as carrying military cargo, and foreign tankers.

President Harry Ludeberg ordered the SUP stop-work move Friday to support demands for Saturday overtime pay at sea and a general five per cent wage hike.

The owners' Pacific Maritime Association said it had agreed to the overtime and to "most" of the five per cent pay hike.

But it demanded at least a year's contract with a no-strike pledge. The old contract expired May 13.

Federal Conciliator Omar Hoskins proposed calling in the Wage Stabilization board as arbitrator. PMA refused, saying the only current issue is the no-strike request.

Ludeberg said "the union will not reenter negotiations except at the request of the federal government."

Man Ruled Deserting Wife While Inside Home

LONDON (AP)—Alfred Honey, 57, deserted his wife without ever leaving their home, a divorce judge ruled.

Mrs. Rosina Honey said her husband divided the house into two parts after a quarrel in 1943 and had since lived alone in his half, refusing to have anything to do with her. Judge Reginald Sharpe awarded her a decree on a desertion charge.

Coeds Raid Men's Dorms In Florida

LAKELAND, Fla. (AP)—Fifty pajama-clad coeds, giving the pantie raid fad a new twist, raided the men's dormitory area at Florida Southern College Monday night.

Released from their rooms for a group singing in the courtyard, the girls began their march to the men's dormitories without any apparent advance planning.

They did not enter the men's rooms but stood under the windows, screaming: "Sissies, sissies!"

The men responded to the dare instantly. Some 300 of them charged out, chased the coeds back to the girls' dormitories, and milled around for two hours. Several attempts to get into the girls' rooms were unsuccessful.

The coeds taunted the men from the windows. A few pairs of panties were tossed out.

A group of male students later went to the sorority area a block away and broke into one house. Five were arrested by city police inside the house.

Ellis Arnall Upholds Economic Controls

WASHINGTON (AP)—Price Stabilizer Ellis Arnall said today if the economic control laws are not extended, "people will know that Congress has taken the lid off—they will know that there is no way to hold prices down."

Arnall came back before the House Banking Committee, considering extension of the law, to observe that prices are "very high now" and to predict they will go still higher if controls are lifted.

If you don't think prices are high, he told the lawmakers, "talk to your wife" or do some of the family shopping yourself.

He noted that industry after industry had appeared before the committee demanding that ceilings be removed in their particular fields. He said the same pressure was on at the headquarters of the Office of Price Stabilization.

Lausche Refuses Guards Pay Boost

COLUMBUS, O. (AP)—Gov. Frank Lausche reported today he has turned down a request for \$30-a-month pay increases for guards at Ohio Penitentiary.

The request from an AFL union followed penitentiary riots in Michigan and New Jersey. Omer A. Sperstad of Ohio Penitentiary Employees Local No. 959 made the request. He said the increases would lessen the possibility of riots in the Ohio prison and would improve the morale of guards.

Lausche, through his secretary, turned down the request last May 1. He said the 1949 legislature classified jobs and set up salary schedules and the 1951 legislature granted pay increases.

Salary changes in the middle of the biennium, the governor said, were not contemplated. "If adjustments are now to be made, the entire efficiency of the reclassification will be distorted and maladjusted," the letter said.

He indicated the 1953 legislature probably will deal with salary adjustment problems.

Ohio Penitentiary guards receive from \$230 to \$288 a month. Some of them get meals in addition. The penitentiary now has 275 guards.

A cut of a billion might not wreck the program but more than that would be asking for trouble.

Not so, said his rival for the Republican presidential nomination, Sen. Taft, who suggested a two-billion-dollar cut would be just about right.

A combination of House Democrats and Republicans sided with Taft apparently against Eisenhower and their own foreign affairs committee for last week they voted to cut the program almost two billion.

Then it shifted over to the Senate yesterday. Worried that his fellow-senators might follow the lead of the house Sen. Connally asked that the program not be cut below the one-billion-dollar reduction approved by his foreign relations committee. Now the fight is on.

Connally pinpointed the basic question by asking who should know better how much money is needed: the man on the scene, like Eisenhower, or the member of Congress back home, like Taft?

Plans To Delay U. S. Airpower Buildup Rapped By Senator

WASHINGTON (AP)—Sen. O'Mahoney (D-Wyo.) today denounced as "just too dangerous" administration plans to delay the buildup of U.S. airpower from mid-1954 to mid-1955.

O'Mahoney, who heads a Senate appropriations subcommittee holding closed-door hearings on the armed forces money bill, announced he will lead a fight to cancel the proposed "stretch out." He told a reporter he will ask

his committee to recommend expenditures of not less than \$21,400,000,000 for the air power buildup in the fiscal year starting July 1, instead of the 19 billion voted by the House.

"I do not believe that because we are engaged in a presidential election campaign we should let Russia get the idea we aren't going to provide adequately for the defense of the United States, and all it stands for," O'Mahoney said.

He spoke in an interview after hearing testimony by Secretary of the Air Force Finletter behind the subcommittee's closed doors. He quoted the secretary as opposing the stretch out.

Finletter, O'Mahoney said, cautioned the subcommittee that 10 billion would make it impossible to achieve maximum air power before July 1, 1957.

Finletter goes before the Senate preparedness subcommittee today as a witness in that group's efforts to appraise U.S. air strength as matched against Russia's.

McGranery Promises To Nab Violators

WASHINGTON (AP)—James P. McGranery took office as attorney general today and said law violators will be "apprehended, prosecuted, and convicted."

But, McGranery said, this will be done "with due protection of their civil rights as guaranteed by the Constitution," without the terrorism of the witch-hunt, and without the tumult and chaos that follow in the wake of reckless charges and baseless accusations.

McGranery took the oath of office at the time when the Justice Department is being investigated by a House committee headed by Rep. Chelf (D-Ky). The department has come under frequent attack by critics who say in and out of

Oil Strikers Return At Toledo Refinery

TOLEDO, O. (AP)—The last of some 1,500 oil workers who struck here during the past month have ended their walkout. About 350 CIO employees of the Gulf Refining Co. reached a settlement Monday.

The workers voted 178-24 to accept a 15-cent hourly increase which will bring the average pay to \$2.23 an hour. The new contract also provided for a retroactive raise of seven cents an hour back to last Dec. 1.

The one yet unsettled oil workers strike in Ohio is in Cleveland where 600 workers at the No. 1 refinery of Standard Oil Co. of Ohio are in the 25th day of a walkout.

Sohio made a new offer Monday, and the strikers will vote on it Wednesday night. The new proposal offers pay boosts of from 14 to 18 cents hourly without retroactivity. Health Department.

Ohio Farmers Said Against Controls

WASHINGTON (AP)—Ohio farmers think price and wage controls have failed and should be abandoned, the president of the Ohio Farm Bureau Federation told the state's congressmen today.

President Edward F. Rittenour summarized the position of the federation on several "basic issues affecting farmers" in a statement prepared for a luncheon meeting at the Congressional Hotel.

"We are for the adoption of a sound inflation control program," he said, "based on strict government economy, a balanced federal budget, increased production, effective credit controls, intelligent management of the public debt, and increased private savings."

Forty representatives of Ohio Farm Bureau Federation members in all of the state's congressional districts are here for two days of meetings with members of congress and government officials.

Coal Company Closes Mines, Discharges Men

STEUBENVILLE, O. (AP)—The Penow Coal Co. announced today it was abandoning its pit mine in Brook County, West Virginia, and its strip mines near Burgettstown, Pa. Both are within 15 miles of Steubenville.

So far 750 miners, who had earned three million dollars annually, have been discharged.

The firm, the third largest in this area, had produced some 7,700 tons daily at the two places.

John Anderson, manager, said at Burgettstown the company would sell its equipment if a buyer could be found. He made the announcement of the closing.

Of the 750 men, 350 were at the deep mine in West Virginia and the others are the strip mines around Burgettstown.

Anderson said rising costs and intense competition were the main reasons for the closing. He declared there were price controls on almost everything except coal producing.

Eighteen Models of Other Makes of Cars Cost More!

Official price lists show that there are eighteen different models of American motor cars, produced by five separate automotive manufacturers, which actually cost more than the lowest-priced Cadillac—when similarly equipped.

If you find this difficult to believe—then you're in good company!

For the record also shows that, during the past few years, literally hundreds of thousands of motorists have taken title to these costlier models. And there can be little doubt that many of them did so simply because they failed to realize how relatively modest the cost of a Cadillac can be.

They simply assumed that exclusive in quality means exclusive in price! And it is doubtful if a single misunderstanding ever cost so many motorists so much!

It cost them, first of all, the satisfaction of owning a Cadillac! For there is no substitute for the sense of

pride and well-being that comes from owning a motor car that is universally recognized as the "Standard of the World."

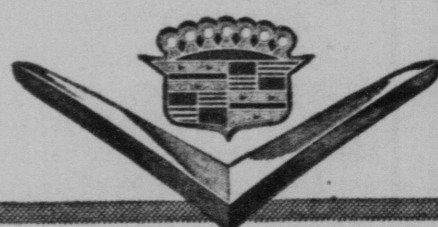

It cost them, too, the pleasure of driving a Cadillac! And this, beyond any question, is the greatest penalty of all! For in missing out on the many thrills to be found behind its wheel—they're missing out on motoring's finest rewards.

And, of course, it also cost them Cadillac's many long-range economies—its almost unbelievable gasoline mileage, its unsurpassed dependability, and its legendary long life.

We know that you wouldn't want to make such a costly mistake in the selection of your next car. But you'd better be careful—because there are eighteen different ways to make it!

So when the time comes—investigate! And if you pay the price of a Cadillac—be sure that you get one!

New York Giants Take Over First Place, Whip Dodgers, 4-2

Bobby Thomson, Lockman Star

Bosox Thrash Yanks, 6-3; Pirates Triumph

By JOE REICHLER
AP Sports Writer

It's high time Carroll (Whitey) Lockman, the New York Giants unsung and often overlooked first baseman, began getting the credit he so richly deserves.

The colorless but dependable towhead from Charlotte, N. C., who has made the shift from the outfield to first base with little fanfare but with surprising success, has been the most consistent of all the Giants this season. He leads the club with a .333 batting mark (second highest in the league), tops the circuit in runs scored and is second in total hits. Yet it is Bobby Thomson and Willie Mays and Sal Maglie and Alvin Dark who get most of the acclaim for the Giants' tremendous early season showing.

It was Thomson who proved to be the big run-producer last night as the Giants tangled with the Dodgers at the Polo Grounds for the first time since their fateful pennant playoff game last year. Bobby slammed a home run in his first time at bat and drove in three runs as the Giants whipped their interborough rivals 4-2, to take over first place from the Dodgers by a half game.

But it was Lockman who set up Thomson. The 25-year-old first baseman drew a walk in the first inning and rode in ahead of Thomson's homer. He walloped a 400-foot triple in the third and crossed the plate on Thomson's 440-foot fly. Then he iced the game in the fifth with a home run into the right field stands, his fifth of the season.

Whitey also starred in the field. He accepted a dozen chances without a miscue.

"He's the most improved player in the game," said Manager Leo Durocher. "I'd say that right now he's as good a fielder as Gil Hodges of the Dodgers. Everybody snickered when I gave Whitey a first baseman's mitt. They thought it was a publicity stunt."

Four hits were all the Giants obtained off Preacher Roe, Carl Erskine and Joe Black. They needed a superb relief job by George Spencer to win and they got it. Spencer replaced starter Jim Hearn in the second inning with the score tied at 2-2 and stopped the Brooks cold with three hits and no runs to gain credit for his first victory.

In other National League games, the Chicago Cubs blanked the St. Louis Cardinals, 3-0, to solidify their hold on third place. Bob Rush pitched a six-hitter to register his sixth victory, five in a row.

Ralph Kiner slammed a three-run homer, his fourth of the year and his second in two days, to lead the Pittsburgh Pirates to a 6-3 victory over the Cincinnati Reds.

Boston's Red Sox and Washington Senators continued in their tie for second place, each adding to their victory total to cut Cleveland's first-place margin in the American League to 2½ games. The Red Sox thrashed the New York Yankees, 6-3, for their fourth in a row over the world champions in Fenway Park. Don Lenhardt, trying to fill the shoes of Ted Williams in left field, drove in five Boston runs with a three-run homer and a two-run double. Johnny Sain was the victim.

Sid Hudson pitched and batted the Senators to a 5-3 triumph over the Philadelphia Athletics. Hudson allowed nine hits and helped win his third game by driving in two runs with a single and long fly.

Billy Pierce picked up a pair of victories as the Chicago White Sox swept two games from the St. Louis Browns, 10-5 and 6-2. The first game marked the completion of the suspended game of April 20. The two teams picked up where they left off in the eighth inning. The Browns scored three times, but it was not enough as they were behind 10-2 when darkness came last month.

Rain washed out the scheduled night game between the Boston Braves and Phillies in Philadelphia. Cleveland and Detroit were not scheduled.

Salem Merchants Seek Seventh Straight Win At New Waterford Wednesday Night

The Salem Merchants, currently leading the Columbiana County League with a 6-0 record, will attempt to make it seven straight victories when they travel to New Waterford Wednesday for a 6:15 p. m. contest.

It will be the third time this season that the locals have engaged the Waterford nine. The Merchants have downed them on both occasions, 5-2 and 8-6.

Jim Coggarea has been selected to do the pitching chores for the Merchants in the Wednesday game, according to Manager Chester Brautigam. He will be throwing to either Ken Schoeni or Chuck Marks.

Coggarea has two wins to his credit thus far in the season and will be after his third. Previously he holds victories over Lisbon in the opener of the season and East Palestine.

Adcock, Rosen Leading Major League Hitters

NEW YORK (AP) — Hard-hitting Joe Adcock of the Cincinnati Reds and Al Rosen, sparkplug of the power-laden Cleveland Indians, have the top slugging averages in the major leagues today.

Adcock, sidelined by a knee injury last Thursday, has collected 33 hits, good for 66 total bases, in 99 times at bat for a remarkable .667 slugging mark to lead the National League. The Redleg outfielder has pounded out four doubles, four triples and seven home runs.

Slugging averages released by the Associated Press Statistical Bureau also revealed that Rosen with five doubles, three triples, 10 home runs and 85 total bases is setting the pace in the American League with a .654 slugging percentage. Rosen has been at bat 130 times and has garnered 44 bingles. Averages include games played last Sunday.

Total bases are figured on the basis of one for a single, two for a double, three for a triple and four for a home run. To compute a batter's slugging average the total times at bat are divided into the total bases made on all hits.

Hank Sauer, the big gun in the Chicago Cub attack, is giving Adcock a run for National League slugging honors. His average is .603.

Andy Pafko of the Brooklyn Dodgers is the third leading N.L. slugger with .546 followed by Bobby Thomson, New York's golden boy, at .542, and Philadelphia's Del Ennis with .516.

Rosen's teammate Larry Doby is the runnerup in the American League. The Tribe outfielder, on the shelf with a perennial leg ailment early in the season, has come back with a rush and his 24 hits, good for 46 bases, put him at .568. A trio of New York Yankees round out the top five. Hank Bauer, hitting for distance in his new role as leadoff man, has a .551 average. Next in line are Gene Woodling at .500 and sophomore Mickey Mantle with .481.

Bowlers Fall Off Pace In Bowling Tourney

MILWAUKEE (AP) — Allen and Son's Super Markets of Inkster, Mich., one of the nation's top Negro teams, made a strong bid for top laurels Monday night in the American Bowling Congress tournament.

But the Wolverines, who do most of their bowling in Detroit, wound up with a poor 913 third game and were forced to settle for 2,876—a total which will be well up in the prize money but well off the pace. Doubles, singles and all events totals were rather ordinary during the day.

Louis Drotos, Toledo, O., was singles leader with 683.

33 Qualifiers Set For Race

One Entry Former 500-Mile Winner

INDIANAPOLIS (AP)—A field that broke the track qualifying record four times will start Friday in the 36th annual 500-mile auto race at Indianapolis Motor Speedway.

The 33 starters averaged 135.504 miles an hour in the 10-mile qualifying runs that ended Monday.

Old-timers around the 2½-mile track contended the limit was near last year when the field averaged 133.570 in the time trials.

The mixture of veteran racers and young graduates of the hot

100-Mile-An-Hour Club Elects Prexy

INDIANAPOLIS (AP)—The Champion 100-mile-an hour Club, which has never lost a member except by violent death, elected Emil Andres of Chicago its new president Monday night.

To join, race drivers must finish a Memorial Day race at an average speed of 100 miles an hour or more. Andres has driven in nine of them, but isn't in the lineup this year. All the deceased members have died in accidents, mostly on race track.

rod and midget circuits wrecked four cars in the race preliminaries. There were no deaths.

Allen Heath of Northridge, Calif., escaped with cut lips and a sprained wrist in the only crash yesterday.

Chet Miller of Glendale, Calif., was the fourth driver to crack the track qualifying record and his smooth ride at 139.034 was almost an anti-climax. He had set a one-lap record of 139.6 miles an hour Saturday in a qualifying attempt stopped by engine trouble.

The qualifying record had been broken successively by Andy Linden of Los Angeles, Fred Agabashian of Albany, Calif., and Bill Vukovich of Fresno, Calif. Nine-teen of the 33 qualifiers were Californians.

Alberto Ascari of Milan, Italy, driving a V-12 Ferrari, made the starting lineup.

Johnny Parsons of Sherman Oaks, Calif., only former "500" winner in the field, also was scheduled to drive a Ferrari, but it didn't suit him and he qualified his 1950 winner, the Jim Robbins Special.

Hurler Throws 2nd Straight No-Hitter

BRISTOL, Va.-Tenn (AP) — This baseball-wacky town never thought it would see the likes of Rocket Ron Neccia, the bullet-ball pitching phenom who struck out 27 men in hurling a no-hitter.

But six days after Neccia's departure from the Class D Appalachian League, folks hereabouts are raving over a new hurling wonder—Bill Bell—who appears to be every bit as good as, and perhaps better than, the illustrious Ron.

The 18-year-old Bell achieved what is believed to be an all-time minor league record Monday night when he turned in his second successive no-hit performance.

The 6 ft. 2 in. righthander twirled his first no-hitter last Thursday—the night after Neccia, who fanned 109 in 42 2-3 innings, pitched his last game for Bristol.

Bell whiffed 17 and drove home the winning runs to the Twins edged Kingsport, 1-0.

Monday night Bell shackled Bluefield's Blue Grays, striking out 20 as the Twins won, 4-0, to stretch their winning streak to 16.

Monte Irvin May Start Workouts In 2, 3 Weeks

NEW YORK (AP) — Monte Irvin, New York Giants outfielder who broke his ankle in an exhibition game April 2, will be able to start working out with the club in "two or three weeks," Dr. Anthony Palermo, Giants' club physician, said today.

Dr. Palermo removed the cast from Irvin's right ankle and said "The ankle looked in pretty good shape. He should be on the field building up his muscles when the club comes home from its next road trip June 10."

Obituary

Mrs. William Green

Mrs. Margaret Jane Green, 85, a well-known resident of Rogers, died at 3 this morning at her home on S. Depot St., Rogers, after an illness of three weeks.

Born Feb. 15, 1867 near Negley, she was a daughter of Mr. and Mrs. Thomas C. Dyke. She was married March 20, 1887 to William M. Green, who died Sept. 26, 1938.

She was a member of the Rogers Christian Church, the Anna Eckley Chapter of the Order of Eastern Star of Negley, and the Pythian Sisters of Rogers.

Survivors include four sons, Claude W. of Negley, C. R. Green of Salem, Charles S. of Rogers, Dr. John of Latrobe, Pa.; four daughters, Mrs. Jacqueline Ellis and Mrs. Maine Hall of Rogers and Mrs. I. T. Lawrence of Beaumont, Tex., and Mrs. D. M. Huffman of Salem; one sister, Mrs. Rebecca Reese of Toledo; a brother, Delmar Dyke of New Waterford; 22 grandchildren, 32 great-grandchildren and two great-great-grandchildren.

Funeral service will be held at 2:30 p. m. Thursday at the Rogers Christian Church. Burial will be in East Carmel Cemetery.

Friends may call at the Warrick funeral home in Columbiana Wednesday afternoon and evening. The body will lie in state at the Christian Church in Rogers from 1:30 p.

m. until time of the service, with Rev. William Savors, pastor of the church, officiating.

James Sampson

James Sampson, 52, of RD 2, East Rochester, died at 9:15 p.m. Monday at the Central Clinic. He was admitted to the clinic May 17.

A farmer, he is survived by his wife, Janie.

The body is at the Linton funeral home in Youngstown. Funeral arrangements are pending.

William R. Bailey

COLUMBIANA — William Ryan Bailey, 64, of South Market St. extension, Youngstown, formerly of Columbiana, died suddenly of a heart attack Sunday evening in St. Petersburg, Fla. He had just left with his wife Thursday for Florida.

Mr. Bailey had spent most of his life in Girard but lived at 223 East Park Ave., Columbiana, for about 15 years.

Surviving are his wife, Margaret Etherington Bailey; a son, Clyde of Columbiana; and four daughters, Mrs. Richard Gaughan of Columbiana, Mrs. Evelyn Strayer of Sebring, Mrs. Kenneth Betticker of Cortland and Mrs. Zella Culp of Chicago.

The body will be brought to the Blackstone funeral home in Girard where funeral arrangements will be made.

Market Continues Listless Trading

NEW YORK (AP) — Share prices lacked stimulus for a move in any direction in today's stock market.

A few issues achieved gains ranging up to as much as a dollar a share, but these were more than balanced by an assortment of narrow losses.

Despite a fairly active opening, the pace of trading held around its slowest of the year.

Backward much of the day were Standard Oil (N.J.), Texas Co., Southern Railway, Santa Fe, New York Central, Kennecott Copper, Eastman Kodak, Woolworth, Commonwealth Edison and Douglas Aircraft.

Somewhat improved were Union Pacific, Dow Chemical, Consolidated Natural Gas, International Nickel, Radio Corp., Goodrich, Goodyear, U. S. Rubber and American Smelting.

will cast his half-vote—but it was obvious the delegation was awaiting a sign from him.

Florida voters faced a scrambled list of 84 candidates for the 24 delegate spots. Of the 84, Sen. Richard Russell had 41. Sen. Estes Kefauver had 26, with 15 unpledged. The two others were committed to Republicans—Eisenhower and Gen. Douglas MacArthur.

Russell defeated Kefauver three weeks ago in Florida's presidential preference poll. The Georgian outdistanced the Tennesseean by 82,600 votes, getting 54.5 per cent of the total cast.

In Connecticut it was Taft-vs-Eisenhower, too.
Barring a long-shot upset, the state convention at Hartford was prepared to put all 22 of its votes behind Eisenhower. Taft voters played for that long shot, arguing they should get some votes because

they say half the state's popular sentiment is for Taft.

At Louisville, Kentucky Democrats were set to stump "for Alben W. Barkley" across their 26-vote slate. The party's state committee has endorsed native - son Barkley for promotion from vice president to president.

California's preferential ballot lists four slates of delegates, two from each party. Election law prohibits write-ins and the opposition to Kefauver and Republican Gov. Earl Warren amounts to uninstructed delegations.
Warren looks like an easy victor next week over what he calls a coalition of hate.

The Minority Rules, Too!

Thousands of letters have come our way since we first invited our friends to tell us what they thought of A&P.

It is gratifying to report that the majority of them have been complimentary. And it did our hearts good to receive them. But since we make it our business to try to please all the people all the time, it's the minority group—those who have made suggestions or criticisms—that we're most concerned with.

We assure you, each and every one receives our attention, for we're doing our best to make everybody who shops at A&P happy.

This is one business where the majority and the minority rule. If you have any criticisms or suggestions on how we can better serve you, please tell your friendly A&P manager.

RESIGNATION NEAR — In-
formed sources close to Mo-
hammed Mossadeq, above, say
he has decided to resign his po-
sition as prime minister of Iran.
Resignation is expected after he
presents Iran's case against
Britain in the oil nationalization
dispute to the World Court at the
Hague, The Netherlands.

High Court Upholds Radio On Busses

WASHINGTON (AP)—The supreme
court Monday upheld transit radio
broadcasts.

By a 7-1 vote the high tribunal
decided radio broadcasts on busses
and street cars do not violate the
constitutional rights of passengers.

Justice Burton wrote the major-
ity opinion.

Justice Douglas wrote a dissent-
ing opinion which asserted:

"If liberty is to flourish, govern-
ment should never be allowed to
force people to listen to any radio
program. . . . The right of privacy,
today violated, is a powerful de-
terrent to anyone who would con-
trol men's minds."

Justice Frankfurter said he took
no part in the case because "My
feelings are so strongly engaged
as a victim of the practice in con-
troversy that I had better not par-
ticipate in judicial judgment upon
it."

The decision involved broadcasts
heard here on street cars and
buses of the Capital Transit Co.
The dispute attracted wide atten-
tion, however, because at least 10
other cities have radio broad-
casting on public vehicles.

Busy Schedule Planned At Centennial Park

A busy schedule is planned this
summer at Centennial Park, and
reunions and get-togethers already
are on the agenda.

The Loudon and McCluggage re-
unions took place Sunday, the Gib-
bons reunion is planned for Friday
and Highland Church picnic for
Saturday.

Sunday the Friendly Neighbors
will convene at the park as will the
Railroad Mail Clerks Auxiliary.

Presbyterians Seek Change In Lord's Prayer

NEW YORK (AP)—A move to get
Protestant churches to change
part of the wording of the Lord's
Prayer was initiated Monday.

The plan, approved after keen
debate at the 164th annual general
assembly of the Presbyterian
Church in the USA, would replace
the words, "belts" of "trespasses"
in the prayer, with the word,
"sins."

The Rev. Alexander Mackie of
Philadelphia, vigorously opposed
the move.

"Why this silly tampering with
the Lord's Prayer?" he demanded.
"Hasn't the general assembly any-
thing more important to consider?"

The action authorized the forma-
tion of a committee to confer with
representatives of all denomina-
tions in the National Council of
Churches in the Churches of Christ
in the USA toward obtaining the
revision for general use in the 29
affiliated denominations and oth-
ers.

Under the plan, the phrase,
"Forgive us our debts—trespass-
es—as we forgive our debtors—
those who trespass against us—"

would be changed to read "For-
give us our sins as we forgive
those who sin against us."

Some churches now use "tres-
passes" while others, like the
Presbyterians, use "debts."

The Rev. Guy H. Volpito of
Cleveland, said the words, "debts"
or "trespasses," are not a correct
interpretation of the original Greek
in which that section of the Bible
was recorded.

A recent survey has found a hole
in the Pacific Ocean near Guam
that is 35,640 feet deep, says the
National Geographic Society.

Potato Chip Firm Sets Open House

LEETONIA — Officials of the Berg Bretzel Company will observe "open house" this week during Homecoming. The plant will be open for inspection Tuesday and Wednesday from 9 a.m. to 12 noon. The plant will be closed Friday and Saturday.

Plant Manager Ralph Kennedy stated that visitors would have an opportunity to see the operation of the potato chip machine capable of producing 550 pounds of potato chips per hour. They will see the automatic weighing, packaging and wrapping machines, in addition to the newest type of bag-making machine that produces the moisture proof bags in which the Dan-Dee products are distributed.

In the pretzel department, the visitors will see completely automatic equipment which produces a finished product that has not been touched by hands. Fifteen pretzel machines produce 900 pretzels per minute.

Visitors will see the production of the full line of products produced at the local plant of Berg Bretzels, including several types of potato chips, pretzels, cheese corn, french fried corn and corn twisters. A number of selected employees will conduct the visiting public through the plant.

THE MONTHLY meeting of the Willing Workers Class of St. Paul's Lutheran Church was held at the church parlors Monday evening with Mrs. Royce Briggs, Mrs. Harry Klitz, Mrs. John Rose and Mrs. Dominic Mowery as associate hostesses. Mrs. C. Eldon Holt, Jr. had charge of the devotionals. A plant exchange was a feature of the meeting.

The Past Mothers Club of Leetonia Chapter, No. 253, O.E.S. will meet at 8 p.m. Wednesday in the home of Mrs. Charles Steits, south of town. Mrs. J. M. Angleymer and Mrs. Lawrence Kibler will be associate hostesses.

Dr. and Mrs. William E. Sovik and children, William, Mary Elaine and James of Poland, and Mr. and Mrs. John Keyser and son, Joseph, were Sunday guests of their parents, Mr. and Mrs. Howard E. Keyser.

Held In Car Theft

LIASBON—A Canton man who gave himself up to Deputy Sheriff Al Hartman Saturday night for stealing a car was turned over to Canton detectives Monday afternoon.

Hartman said Jacob Gates of Canton had taken the car from Canton Saturday morning and called the sheriff's office the same night from New Waterford.

Closest presidential race in the history of the United States was the election of Rutherford B. Hayes, nineteenth president. The successful candidate was elected by a majority of one vote.

OUT OUR WAY By J. R. Williams

WE'LL ALL BE WALKING LIKE THIS FROM SITTING IN AUTOS AND PLANES SO MUCH—WE'LL GROW INTO IT! IT'LL BE AN EFFORT TO STAND UP STRAIGHT!

OH, NO! FOR BY THE TIME YOU WALK FROM WHERE YOU PARK TO WHERE YOU'RE GOING, YOU STRAIGHTEN UP PLENTY!

NO, TH' SITTING POSITION WILL WALK OUT—CUEZ AFTER PARKING; BY THE TIME YOU WALK HALF-WAY TO WHERE YOU'RE GOING, YOU'RE SAGGIN' DOWN AGIN!

QUIT LYING TO ME, TALON! YOU HAD TUBBS TAKEN TO THE COAST BY AIR BOAT, AND YOU'D BETTER TELL ME HOW TO FIND HIM!

YOU HOODLUMS WILL PAY FOR THIS OUTRAGE! I KNOW NOTHING ABOUT HIM!

WE'VE WASTED OUR TIME WITH HIM, CAPTAIN!

MEANWHILE, IN THE MANGROVES ALONG THE COAST...

HEY, YOU GUYS ARE LATE! WE GOTTA GET A MOVE ON!

HERE'S AN EXTRA HAND TO HELP TRANSFER OUR CARGO! THEN MAX WANTS HIM BUMPED OFF AND BURIED IN A SHELL MOUND ALONG THE CHANNEL!

OKAY, SHORTY, HOP TO IT! WE GOT A RENDUVOI IN THE GULF IN THIRTY MINUTES!

? - WHY, HELLO! ISN'T THIS A BIT - OH, I SEE! YOU WANTED TO SURPRISE ME, EH?

GOOD, I'VE BEEN WAITING!

I HAVE EVERYTHING ALL READY FOR YOU!

HUH?

FRECKLES AND HIS FRIENDS By Merrill Bloomer

WE GOTTA GET AWAY FROM HERE, BUT FAST!

HE CAN OUTRUN US WITHOUT EVEN PUTTING HIS TRACK SHOES ON!

YIKES! I'M HAVING THE S-SAME TROUBLE!

ERP...ERP...ERP... YAWN!!

ARE WE LUCKY! HE JUST FINISHED HIS DINNER!

WELL, LET'S GET OUT OF HERE BEFORE HE STARTS THINKING ABOUT DESSERT!

VIC FLINT By Michael O'Malley and Ralph Lane

GENTLEMEN!

DOC! GOT THE STUFF?

NATURALLY, HERE'S A MORTICUM OF KNOCK-OUT POWDER FOR ONE OF YOU.

AND A DEEP FULL OF HYPO JUICE FOR OUR VICTIM.

MEANWHILE, VIC IS DELAYED IN PARKING HIS CAR...

WOW! I'M PLENTY LATE FOR MY DATE WITH ARCHER FOCUS! TWO BLOCKS TO THE PURPLE PARROT AND ONE ANGRY CLIENT!

PRISCILLA'S POP By Al Vermeer

THAT MOUSE IN THE PANTRY! HE RUINED MY NICE CAKE!

THAT DOES IT! IT'S WAR!

STAND BACK, HAZEL! HE MIGHT PUT UP A FIGHT!

WRUF!

BUT YOU SAW HIM! AND YOU LET HIM GET AWAY!

HOW DO YOU KNOW HE WAS THE GUILTY ONE?

BUGS BUNNY

HIYA, SYLVESTER! I'M HEADED FER A SNOOZE IN 'PARK! C'MON ALONG!

SORRY, GUVNOR!

WHAT'SAMATTER? GETTIN' T' A BIG SHOT?

I HAVE A DINNER APPOINTMENT!

WHERE YA GONNA EAT?

I DON'T KNOW YET, SIRE...

...IT ALL DEPENDS ON WHICH ROUTE HE TAKES!

THE GUMPS

I'LL APPLY FOR THE JOB OF PRESIDENT IN A DIGNIFIED SCHOLARLY MANNER. I'LL APPEAL TO THEIR HEARTS AND BRAINS AT THE SAME TIME.

I'LL SWAY MY AUDIENCES LIKE A FLOCK OF PALM TREES... AND PLAY ON THEIR EMOTIONS AS A MASTER MUSICIAN MAKES GREAT MELODY ON A PIPE ORGAN.

THE TERRIFIC OVATIONS I'LL GET WILL SEND MY OPPONENTS RACING FOR THEIR CYCLONE CELLARS...

ANY BIG WIND CAN DO THAT.

Firestone Park
Pool To OpenPre-School Clinic
Set For Wednesday

COLUMBIANA — Firestone Park swimming pool will open for the season at 1 p. m. Friday, following the Memorial Day observance in the forenoon. The park board has awarded Howard Holloway the bath house concession again this year, but the staff of pool attendants has not been completed.

Prices of admission to the pool will be the same as last year, 50 and 20 cents, except Saturday, Sundays and holidays, when they will be 60 and 25 cents. The pool will be open daily from 10 a. m. to 10 p. m., except Sunday when the hours will be 1 to 10 p. m. There will be free swimming for children daily from 10 a. m. to noon.

Swimming instruction will begin the last week in June and continue for six weeks. A schedule to include neighboring communities is being arranged.

Because they will be closed Friday for Memorial Day, Columbiana stores will be open Wednesday afternoon and until 9 p. m. Thursday. They will be open as usual Saturday. Banks and the loan company will close as usual Wednesday afternoon and will close for the holiday Friday, but will be open Saturday.

THE COLUMBIANA Business & Professional Women's Club, meeting at Bundy's restaurant at 6:30 p. m. today, will elect officers and hear annual reports.

Officers and directors of the Columbiana Chamber of Commerce have decided to incorporate and become affiliated with the U. S. Chamber of Commerce, Chairman Edwin Dillon of the member drive reports 63 memberships already paid and requests all who have received application cards to send in their checks for dues.

Officers of the chamber plan to cooperate with Firestone American Legion Post by sponsoring again this year the large exhibit tent in connection with the annual street fair Sept. 4-6.

Billy Erhardt's Columbiana dance studio will present its pupils in their first annual dance revue in the High School auditorium at 8 p. m. Wednesday under the sponsorship of the Grade School Mothers' Club.

Capt. Bernard Watt, who has been stationed at Newport News, Va. with the Air Force, expects to leave for England in June. Mrs. Watt, the former Mildred Miller of Columbiana, and children, are making their home for the present with Mr. and Mrs. George Oliver in Leetonia, but expect to join Captain Watt soon after he reaches England.

GEORGE SEEDERLY and Evan Roller have been re-elected to the board of trustees of the Methodist Church and D. W. Bailey has been elected as a new member. The term is three years.

The annual pre-school clinic for children who will be entering the primary and kindergarten departments of the Columbiana schools next fall will be held at the high school building Wednesday from 8:45 a. m. to noon. Children whose family names begin with A through H will be examined from 8:45 to 10, I through O, 10 to 11 and P through Z, 11 to noon. The Columbiana Mothers' Club, which sponsors the clinic, arranged an early start so that the clinic may be completed on schedule.

Eugene F. Beckett, R. D. 2, Columbiana, graduate in engineering of Frick Training School, Pittsburgh, was awarded the silver medal of the American Ordnance

TESTIFIES — Convicted bookmaker Harry Gross leaves a New York courtroom after testifying at a police department bribery trial. Gross said that he had contributed \$20,000 to two of William O'Dwyer's successful campaigns for mayor of New York City.

Drainage Ditch Diggers
Uncover Dinosaur Bones

HARRIMAN, N. Y. (AP) — Fossil bones of a dinosaur, at least 150 million years old, have been unearthed near here by a power shovel, digging a drainage ditch.

The bones, found about four feet underground, were discovered last Thursday by the operators of the shovel, John Leinweber and Christopher Schnick, both of Warwick, N. Y., who reported their find Monday.

Scientists who have seen the fossils say they belonged to an anchisaurus, a dinosaur which commonly grew to a height of about six feet.

Three Airmen
Killed When
Plane Explodes

FRANKLIN, Va. (AP) — Three airmen awaiting transfer overseas were killed Monday when their B-45 Thunderjet bomber blew up and crashed near here while on a routine training flight.

The plane was based at Langley Air Force Base and was attached to the 47th Bombardment Wing of the 49th Air Division.

Air Force officials reported investigators had found no evidence the bomber collided with another plane, as one eye-witness had said soon after the crash.

Fireworks Warnings
Issued By Officials

With another Fourth of July just around the corner, state and county officials issued warnings against the illegal use of fireworks in Ohio.

Sheriff Howard Clark reminded county residents that the only fireworks permitted to be used in Ohio are those used in connections with fairs and other celebrations, and then only after written permission from a fire chief or sheriff is obtained.

Henry J. Callan, state fire marshal, revealed that 25 percent of all patients in state-supported institutions for the blind are there because of fireworks. He said he would do everything in his power to prevent the sale or use of fireworks.
